Pennoweth News

This week in school

As you may have noticed when in the school grounds, lots of work has been done to upgrade our jungle area to quiet space for relaxing and looking at nature. A huge thank you to Mr and Mrs Tomlinson who have led on making the improvements. A big thank you also to some of our year 3 and 4 children who have taken responsibility for our school environment by helping to keep things tidy and volunteering to carry out some litter picking.

Please could we ask that if you are able to wear a face covering that you consider still doing so whilst walking around the school grounds. The walk way down by the side of the KS1 classrooms is narrow and we still have Covid Cases in school. Thank you.

We continue to review school meals every day and have been pleased with the improvements that have been made. In addition, the kitchen had an unannounced inspection from Cornwall Council's food inspection team this week. The kitchen received a 5/5 food hygiene inspection rating. The delivery of the plates has been delayed but will be in place next week.

Staffing News

Mr Callaway, our Deputy Headteacher, has made the decision to leave Pennoweth. Since joining Pennoweth in January 2020, Mr Callaway has been a highly valued member of the school team and played a significant role in driving Pennoweth forward. I am sure you will join with us in wishing Mr Callaway all the very best in the future.

NSPCC NUMBER DAY—FRIDAY 4TH FEBRUARY

Next Friday (4th February) we will be taking part in the NSPCC Number day. The children can come to school in non-uniform dressed up as numbers, or anything number related. Our school day will be filled with number related activities to celebrate the event. If you are able to donate to the NSPCC as part of the event, please do so via ParentPay. Thank you.

Character Qualities

We have 4 key characteristics that we are always on the lookout for! Each of these is represented by a character.

Considerate children are thoughtful, caring, sympathetic, helpful, polite, attentive, mindful and patient.

Inquisitive children are curious, inquiring, questioning, intrigued and eager to know.

Courageous children are bold, brave, valiant adventurous and determined.

Children who are being fun will be enthusiastic, excited, energetic, cheerful, light-hearted and will laugh!

We also have our Stars of the Week, who have been classroom superstars and DNA Champions for each phase.

Wellbeing

Are you an optimist or a pessimist? An optimist is solution driven and a pessimist is problem oriented. If we are optimistic we look at how to resolve this so, 'I can if I want'. The pessimist on the other hand says, 'I can't do it', 'I might as well give up'. The optimist creates better times and the pessimist waits for better times.

How can you and your children become optimists?

We can all learn to hope and be motivated to change. One way is to create positive images of what you have to be thankful for, whatever makes you happy and what you enjoy. Try to think more positively. If we say positive things and feed the brain with positive messages, we feel more alive. This still means we are realistic and can look to solve problems positively.

If we express gratitude and joy for the small things it can greatly improve our lives. Being physically active also helps as it burns up stress and releases tension. Also, be happy for others, not jealous and try to be as enthusiastic about other people's successes as you are about your own.

It's the little positive comments that can make all the difference and your children are always saying such positive and supportive comments in school. Look for the good this weekend and appreciate all the little things.

Take care and please contact the team if you need support.
